

# 883+

PROGRESS THROUGH DIVERSITY  
**SPALECK** since 1869  
*conveying and separation technology*

The new Terex Finlay 883+ Spaleck is the ultimate in mobile screening and separation technology. At the heart of the machine is the 2 deck German designed and constructed high performance screenbox.

The unique stepped top deck design combined with state of the art flip flow technology on the bottom deck catapults the 883+ Spaleck into a class of its own.

Its processing capabilities and application flexibility make the machine the only all in one mobile solution for processing difficult waste, recycling, slag, C&D, shredded metal, wood, compost, mulch, ores, coal, soil...

The Spaleck heavy duty vibrating screen is near to blockage and maintenance-free and has a processing range of 1mm to 120mm.

## Features:

- ▶ Unique, stepped, 3D punch plate top deck design.
- ▶ State of the art Flip - Flow technology bottom deck.
- ▶ Flexibility to work in difficult waste processing, slag, biomass, compost, etc.
- ▶ Screen box discharge end can be hydraulically raised 500mm to facilitate efficient and easy media access and changing.
- ▶ All stockpiling conveyors are hydraulic angle adjustable.
